WHEN YOU ARRIVE

When your group arrives at the park, you can instruct your driver to drop students and chaperones off at the Nature Center. Make sure to stop by the bathrooms if needed, then make your way to the Jackson Shelter.

If your group has lunches that you would like to store in the classroom, please make sure they are all together in easy-to-transport boxes. You can put them on the benches in our classroom (double doors to the left of the Nature Center entrance) when you arrive.

Your program will start in the Jackson shelter at the time scheduled by your school. If you arrive early, feel free to check in with the Nature Center front desk for nature-themed activities and games that you can play with your group while you wait.

Bus Parking

Make your way around our parking lot, crossing the road you came in on and entering the gravel lot marked "Equestrian Parking". Please pull through as far as you can; horse trailers need to be able to use that space as well. Drivers should stay with the bus.
